OPPOSITION TO APPORTIONMENT BILL

Washington, July 19.—Senators Root and Burton and other opponents of the Congressional reapportionment bill now admit that the measure will pass the senate when the vote is reached on it under the all-round agreement of Aug. 3, but they are still hopeful of securing amendments that will be of advantage to the republicans. The ostensible gasp of the opposition to the bill in the form in which it passed the house is that it increases the number of representatives in congress from 391 to 453 and will thus make the lower branch of congress more unwieldy than ever.

Increase in Expense.

The increased membership will also, it is figured out, swell the annual cost of running congress by about \$1,000,000. Another curious point made by the opponents of a larger house is that when the membership is raised to 433 more than an hour's time will be consumed in calling the roll and verifying the result.

But the substantial ground of republican opposition to the measure is that the passage of the bill at this session of congress will enable the democratic legislatures of states like New York, Ohio and New Jersey to redistrict those states and thus correct the gerrymanders made by republican legislatures ten years ago. Delay in action is thus in the interest of the republicans. But as they can not get delay, they are going to make a hard fight for amendments to the bill that will be of advantage to them.

First, they will move to amend the bill by restoring the number of members to 391, as at present, and they believe there is a chance that a motion of this kind may prevail in the senate. Then Senator Burton of Ohio, one of the most determined of the opposition, will move that where a state's representation is increased by the bill the additional members shall be elected at large and that they may be nominated in the same way as the governors are nominated—that is, by state conventions.

Senator Burton believes these amendments will carry in the senate.

He says their adoption will be necessary in order to meet the cases of states whose legislatures have adjourned and will not meet again for two years.

Midland Valley Train Wrecked.

Muskogee, Ok., July 19.—North-bound passenger train No. 5 on the Midland Valley railroad crashed through a bridge half a mile west of Avant, Okla., late today. The bridge is fifty feet high.

The structure had been weakened by a swollen creek. A wrecking train has been sent from here to the scene. Reports are meager and it is not known how many persons are injured.

Prof. M. L. Perkins returned this morning from Shawnee, where he attended a meeting of the executive committee of the state teachers association. He says it rained most of the night at Shawnee and appeared to have rained heavily all down the Katy line.

GOSPEL TENT ON NORTH SCHOOL GROUND

The singing at the tent on the north school ground last evening was especially good. Mr. Guy Crenwell, a song leader, who has recently moved to the city, was in charge of that feature of the service, and added considerably to the service.

The subject last night was "Choosing for Christ." It was a plea for heroic following of the Christ. One more was added at this service and at 3 p. m. Friday at the First Christian church there will be a baptismal service.

The subject for tonight will be "What Must I Do to Be Saved?"

Gets Fifteen Years.

McAlester, Okla., July 20.—Last week a jury in the superior court heard the case of J. R. Rose charged with the murder of Mrs. Reed at Bache. They found him guilty of manslaughter in the first degree but could not agree on the punishment. Today Judge Brewer fixed the punishment at fifteen years in the penitentiary.

Meeting of Ladies' Aid.

Wednesday afternoon the Ladies' Aid Society, Circle No. 3 of the First Christian church, met with Mrs. A. C. Hodges, with ten present. After a very interesting business meeting, delicious refreshments were served. The next meeting will be held with Mrs. McAnally, West 5th street.

Hanan's Low Cut Shoes at Clearance Prices at I. Harris.

THE TENT MEETING 8TH AND OAK AVENUE

The meeting last night was well attended to hear "Baptism."

It was made clear that the ordinance is for believers only and is a sign of our faith in the death, burial and resurrection of our Lord and our death to sin, buried in the watery grave rising to walk in "newness of life."

Subject tonight "Bible Plan of Supporting the Gospel."

COME TO GOOD ROADS MEETING

PERMANENT ORGANIZATION OF
COUNTY WILL BE PERFECTED
SATURDAY.

The temporary committee on the organization of a good roads association for Pontotoc county has decided to call a meeting for 1:30 Saturday, July 22, at the city hall of Ada. The purpose of the meeting will be to perfect a permanent organization and take steps towards promoting the good roads movement in all parts of the county. In other words, it is necessary to have concerted action if this question of good roads and cheap transportation is to be solved to the best advantage. It is to be hoped that every man who possibly can do so will be on hand and likewise bring some of his neighbors, for Col. Suggs has promised to send a man to Ada any time his services were needed, and he has been asked to send him here for the meeting of Saturday.

Wildcat Stills Raided.

Oklahoma City, Ok., July 20.—Word came to the Governor's office today of a raid made by Sheriff Tom Graham of McCurtain county and the destruction of two moonshine stills found in Glover Mountains, near the town of Idabel. The sheriff, with County Attorney Barrett, had been waging a war against bootleggers, but as rapidly as the goods were seized and destroyed, the supply kept increasing. The sheriff received information that whisky was being brought from the mountains not far from Idabel, and he made a raid, resulting in the capture of two. With the paraphernalia battered and broken loaded on a wagon Sheriff Graham returned to Idabel, and at the outskirts of the place the county attorney met him with a band, and the people were treated to a parade.

LABORER BURIED ALIVE IN DITCH AT SULPHUR

Sapulpa, Okla., July 20.—One man was killed and two others injured in a cave-in at Rock Creek, while employed on a dam being constructed there by the Southwestern Construction company. Bert Taber was working in the bottom of a ditch three feet wide and twenty deep. The dirt fell in on him smothering him to death before he could be rescued. J. Leonard of Oklahoma City, and another whose name could not be learned before being taken away, were slightly injured.

SOME REMARKS BY COL. SUGGS

The News is under obligations to the Oklahoma Portland Cement Co. and Miss Prewett, one of their stenographers for the following excerpts from Col. Suggs' good roads speech on Trades Day.

Mr. Chairman, Ladies and Gentlemen:

I believe that the introduction that Mr. Otis B. Weaver has given is going to be much longer than my speech. That was a good introduction. Mr. Weaver told you about our visit to the National Democratic Convention at St. Louis, we were there and we had all the good seats, but that wasn't all, we also went to the National Convention at Denver, but then just as many common people as we were go there.

Now I wish to tell you, ladies and gentlemen, together out on the street, and having to stand up and give attention requires a great deal of patience. I appreciate your interest in this work I am giving. I have been interested in it for a long time. I have been to Ada a number of times before today. Ada has always been clever and nice to me, for which I am very grateful to you. There is no town in the state that has improved as much as Ada within the last two or three years in her civic pride. You may go through here on the train and look out the window and you can see the beautiful paved streets, and concrete sidewalks in the best condition. I want to tell you that this is more than the ordinary

towns are doing, and you get the distinction.

God created man to live here in this world to live and to better his condition and not to whine about his life and say that this world is full of woe and grief; and he hasn't seen anything good or hasn't been treated fair, has his children got to go to school wading mud; he isn't willing to make a sidewalk and allows his children to sit down there in that school house with their feet all muddy and wet, and still expects them to be as bright and healthy as the children with dry feet. The man that will allow his wife to wade in the streets, in places almost knee deep, and then expect to be ferried across the River of Jordan free, his foot should slip just as he stepped out on the other side.

The man who builds good roads can haul the heaviest load of freight, thus saving an amount of money. You know it will save your horses; you know it will save your mules, and if you have good roads you know it will save your wagons. You know that when you bring a load of melons five or six miles, or load of peaches, or vegetable of any kind, you know that the merchant will tell you that they are all bruised, and worth only half price. You know all that.

But I want to say to you more than this, that good roads mean more than all that. I want to know how many men here that live in boarding houses or rooming houses, that would get up and fight for that rooming house. I want to know how many men of that description attend a public meeting. How many of you men take an interest in pavement. If you only had a turnpike through this county, for even ten miles out. Take the young men that are working in this town, some of the boys that are getting \$100.00 per month, and you get them together, three or four of them, and they buy a small piece of land some miles from town. They continue to live in town; first they build a good road to their little farms so they can get out in their autos or on an interurban in the evening after work is done and go home, returning in the morning, then next they think of school houses, etc., and within a very short time they have one of the very best neighborhoods to be found anywhere. While on the other hand if they are living in a boarding house with a little wife having to dress three times a day for meals, not a chance to enjoy the fresh air; while with his little wife in the country she has something to do. She can raise chickens and a garden, keep a cow, and she is proud of her small balance left after paying the grocer, prouder of her balance of \$10.00 than that husband of his \$100.00.

Then take the little family in town, take the young man with the \$100.00 per month, and it takes almost his monthly income to pay all expenses, unless he has another income, outside of his monthly salary, and not one out of ten has. Just wait until the bills come to him. His money all gone and he is afraid to tell his wife that his little monthly income won't pay the bills, they find out that they have to move to a cheaper boarding house, humiliation to both, for neither of them likes this. Then a great deal of trouble begins. He is afraid to meet her, afraid to face her and he begins staying out at night, stays at the club. She gets tired of that, joy rides, and card parties. And I want to tell you that I have seen that little wife ruined with in three months, by reason of being crowded, living in a crowded condition. Now let me tell you it means more to the human family than the saving of your teams, the value of your wagons, saving prices of your productions, it means more than all that to the human family. When they get out on the farm, raise chickens, the hens lay eggs, raise potatoes, and I am not joking about it either, give her an opportunity to create something, and I tell you, you will be proud of her and she in turn will be proud of you.

Good roads means more to the human family than all this, it means

Delicious Fresh Candies

Toasted Cherries

The thin crisp shell soon breaks in the mouth, releasing a cherry flavored filling that holds its delicious taste to the last; non-acid, yet tart enough to quench the thirst. Refreshing as a ripe cherry.

12c pound.

as much as education to the children I think in this country. You have built magnificent school houses, along ways better than you or I ever went to. I went to a log school house. Had to stand close to the fire to keep from freezing. Called it Frog Pond, where I got my education. You have your school houses about two or more miles apart, your children have to walk to school in the mud, and on real rainy days I am told you keep them at home, and you can tell it the rest of their lives. You have to have good roads, before you can build up any community. We want to extend these good roads and next I want to tell you about the material to build with. You have the building materials right here in your county. We have to have an originator, why not you be the first to build model good roads. Build of Portland Cement. Build concrete culverts and bridges, culverts and bridges that will stand for ages. I am told that you have the native asphalt, Portland cement and lime rock, all of which are the best materials to build good roads. Build roads that will stand, do not throw a rock in a mud hole and make two mud holes, where before there was only one.

New York has voted one hundred million dollars in forty year bonds. You think that would just break Oklahoma. You are paying one hundred and twenty million dollars in forty years and you do not know what the money is going for. Take the road money and the free labor, over three million dollars per year, now there you are, about three million dollars, per year and forty years and today where are we? Well we have no roads. Vote bonds and begin building good roads right. Then how far from town the farm is will not matter in the price.

Build good roads and build them to stay, build them of concrete, rock and asphaltum and they will stay.

Cook's Pride Coffee

- + Is the acme of perfection and

- + portunity in COOK'S PRIDE
- + COFFEE.

Sanders & Son

The Pure Food Grocers
Main Street Ada, Okla.

had present fifty-six of the eighty-one members which they say constituted the committee. They indorsed Congressman A. Mitchell Palmer for national committeeman to succeed James M. Guffey.

The "regulars" also indorsed Colonel Guffey for national committeeman. In an effort to bring about a union a committee of three was named to meet the other faction, but late tonight had not appeared.

The trouble in the party was brought to a climax by the showing in the gubernatorial election last fall when the democratic voters split on the two candidates. The dissatisfaction led to the appointment of a committee of seven to reorganize the party. No agreement could be reached and the result was the split.

OUR CLERKS KNOW HOW

To serve any and all kinds of cold drinks as well as haw to flavor to please. Try a glass of our grape juices, coco-cola, limeade or cherry, and test the truth of the above statement. We serve all kinds of egg drinks that are so refreshing in summer. Our drinks and cream tickle the palate. Phone 6.

RAMSEY DRUG CO.

Get It At The Busy Drug Store

A good cigar is a luxury that every man can enjoy and what a worker of miracles it is. In to what strange shapes do the curling clouds of smoke wreath themselves. The rich man thinks comfortably of his early struggles. And the lover sees his fair lady in a thousand varying and graceful poses. There is as much difference in cigars as there is in men, but we have the kinds that all men like, the kinds that make all men brothers. We have to carry both good and bad cigars.

Ask for a G. M. C. Domestic or a Martinez Havana.

Although he is the highway com-
missioner of the state, Col. Suggs de-
nies the charge that he is a highway-
man.

Evidently vagrancy laws do not
have many terrors for the average
bo. From police court reports pub-
lished in papers, it seems to be the
universal practice to turn loose any
g who has no money with which
pay his fine, if he will only prom-
ise to shake the dust of the town
on his weary feet in about 'steen
pods.

And now comes the U. S. Senate
a bill which says that no can-
date for either house of congress
all spend more than 10c for each
er in his district while making
a race. Perhaps the hard time
rimer has had to retain a seat
ich was purchased at the rate of
eral thousand dollars per vote,

realize that the benefits will far
outweigh the few dollars that each
would be called on to pay during
the time the bonds would run. At
the highest calculation the tax would
not amount to more than fifty cents
or one dollar on the thousand.

One thing certain, if good roads
are not built here they will be
built in other sections and those
are the ones that will forge to the
front while the others will lag be-
hind. The progressive parts of the
state will attract the best element
of citizenship while the others will
get only the riff raff.

Another thing to be considered is
the fact that with the short crops
this year, building good roads would
turn loose a sum of money that
would put every man in the county
in comfortable shape until another
crop can be made.

Practical Joker at Work.

The village cut-up got busy at the
Maplewood street-car loop station
yesterday. His efforts resulted in the
decoration of ten baby buggies with
placards, which caused various ex-
pressions of indignation, embarrass-
ment or amusement, according to the
points of view taken by their own-
ers when they returned from shop-
ping trips to St. Louis.

"Left on my doorstep; any one
claiming this may have it," read one
of the labels, and the name of a
well-known Maplewood bachelor was
signed to it.

Other preambulators were labeled:
"Guaranteed to hold any baby
weighing up to forty pounds."

"Gone 'out of business; will sell at
a bargain."

"Will trade for a buggy made for
twins."

"Going to Europe. Will vacate at
first offer."

"Occupants wanted, preferably col-
ored."

"Has carried seventeen babies for
an average of eighteen months each."

Investigation by some of the indig-
nant victims of the joker had failed
to reveal his identity last night. The
occurrence, however, may result in a
discontinuance of the practice by
many Maplewood matrons of leaving
their baby buggies at the station
when taking their children to St.
Louis. Some days as many as twenty
buggies are left in the waiting room.
—Globe Democrat.

MANY SURPRISES FOR PARDONED CONVICT

McAlester, Okla., July 20.—Joshua
Wade, the Choctaw freedman whose
pardon, after having been in the De-
troit house of correction and the Ft.
Leavenworth penitentiary since 1877,
was issued to him last week, was in
McAlester Tuesday. He called on the
attorney who secured his pardon and
while there the attorney had occa-
sion to use the telephone. When the
old negro heard the bell ring and
heard his attorney's voice speaking
in the receiver, his eyes stuck out
in absolute amazement, and he was
so terrified that he could not speak
himself for some time.

He had never seen a telephone in
operation before. He looked upon it
as some kind of witchcraft. He had
similar misgivings as to the way the
street cars are propelled. In fact,
every time he turns around he sees
some new device which is a marvel
to him.

Wade has been buried in the peni-
tentiary for 34 years and the world
has made marvelous strides in those
years, especially in the Indian Ter-
ritory, now Oklahoma, which was a
howling wilderness when he was ar-
rested and incarcerated in the federal
penitentiary.

Cleaning Up Oklahoma City.

Oklahoma City, July 20.—Some-
thing like fifty-five men arrested, \$1-
118 cash fines collected by the city
and practically every bootlegging es-
tablishment in Oklahoma City closed.
Such was the situation Wednesday
night in the campaign against boot-
legging which was started by the po-
lice department under the direction
of Police Chief W. L. Tilghman Tues-
day afternoon.

The raiding, which was rapid Tues-
day evening and night, had fallen
down to an occasional arrest by
Wednesday afternoon, for practically
every place was closed, and the of-
ficers were without work to do along
this line.

There were few arrested Tuesday
night that did not plead guilty Wed-
nesday morning in municipal court,
if they appeared at all, and a fact
that is looked upon as significant is
that seventeen out of thirty-eight
whose trial was set for Wednesday
morning failed to appear, thereby for-
feiting their bonds.

It is believed that the larger part
of this seventeen left the city, con-
vinced that this no longer is a good
town for the bootleggers. One thing
that leads to the belief they are
right is the fact that, although raid-
ing was continued Wednesday night
only one arrest was made between 6
and 10 o'clock on a charge of run-
ning a disorderly house. Tuesday
night fourteen had been arrested dur-
ing that period.

Cyclone at Carmen.

Carmen, Okla., July 19.—The most
destructive cyclone Alfalfa county
has known in six years, passed over
Carmen about 5 o'clock Wednesday
afternoon, doing heavy damage to the
Methodist church here, tearing down
utterly the schoolhouse annex, and
destroying the residence of L. E.
Searles. The total damage to houses
here will approximate \$2,000. No lives
were lost.

The storm came from the north-
west and passed just around the
edge of Carmen, a fact to which is
attributed the escape of many of
the citizens. Passing around the edge
of the town, the funnel-shaped cloud
went almost directly west. No dam-
age has been reported here from that
direction. The Rock Island and
Frisco bridges near here are reported
to be down as a result of floods which
followed the heavy rainfall. The fall
was something over five inches in less
than an hour. All the bottom lands
are submerged.

The last destructive cyclone visited
this vicinity six years ago. One man
was killed then.

INSPIRATION.

There were sounds of some one
tramping over tin.

"Billy," called the wife of the popu-
lar author, "Billy, there is a burglar
on the roof."

"Burglar on the roof?" repeated her
husband, as he jumped out of bed.

"Quick, Lucy, my pen and paper."

"What are you going to write, Billy?"

Don't you think you had better take
your revolver and shoot the burglar?"

"Not until I run off a chapter en-
titled: 'Artless Archibald, the Aerial
Appropriator.' Ten chances to one that
burglar came in an airship, as there is
no other way of getting on the roof.

Business before pleasure, Lucy."

National Shortsightedness.

"In this country," said the sociolo-
gist, "everything possible is done to
discourage people from marrying."

"How so?" inquired one of the lis-
teners.

"You have to buy the marriage li-
cense, fee the preacher, the boys give
you what they call a 'shivaree,' your
friends throw old shoes at you, the
newspapers print caricatures of you,
life insurance agents hound you, you
bump right up against the cost of
living, and if you find you've made a
mistake you have to go to no end of
trouble to get a divorce."

A Last Year's One.

"Well, the oyster stew given at our
church festival has been vindicated."

"How?"

"A man who ate some of it is dead
of ptomaine poisoning, caused from
eating oysters, according to the doc-
tor."

"Well, good heavens, how does that
vindicate the stew?"

"It proves that there was an oyster
in it."

Pa's Ultimatum.

"Our Thursday, Saturday and Mon-
day mornings' papers have checked up
shy for the last three weeks regularly."

"Do you suppose they are being
stolen, pa?"

"I know Kitty's beau calls Wednes-
day, Friday and Sunday nights. I want
him to go home earlier or to stop ta-
king our paper with him."

NOBLE WOMAN.

Mrs. Brown—Only think, John! Mrs.
Jones has left her drunken husband
and gone home to her mother!
Mr. Brown (sighing)—Ah! A woman
will do anything for a man who drinks.

Something to Live For.
"I sure would hate to die,
Before I'd fully ditched
This piece of pumpkin pie."

Adirondack Host.

Adirondack Host—Be careful, old
chap, when you're out gunning that
you don't hit the guide.

Dude—What for, dear boy?
Adirondack Host—Well, you see,
game laws don't allow guides to be
shot till a month hence.—Life.

In the Backwoods.

"I see where a feller in Paris has
writ a play all about chickens."
"Guess he's writ it for one of them
barnstormin' towers you read about."

One of the First Steps.

"Why do you question his assertion
that he is a self-made man?"
"Because he says he was never
hired a dress suit."

S.S.S. A BLOOD MEDICINE FOR YOUNG OR OLD

The majority of human ailments are caused by impure blood, because weak, polluted blood deprives the system of its necessary strength and disease-resisting powers. Children do not develop perfectly, nor are they strong and robust unless the blood is pure and strong, while old people are afflicted with Rheumatism and other chronic troubles because of a weakened circulation. S. S. S. cures every ailment which comes from impure or diseased blood, it tones up and regulates every portion of the system and creates an abundant supply of nourishing properties with which to build up the blood. S. S. S. is made entirely of healing, strengthening roots, herbs and barks, absolutely free from harmful drugs and minerals, and is therefore the purest and safest blood medicine for young or old. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Malaria, Blood Poison, and all other blood disorders. Book on the blood and any medical advice free. S. S. S. is sold at drug stores.

Is There an Arson Conspiracy.

Chicago, July 19.—That there ex-
ists a gigantic, country-wide arson
trust, with headquarters in Kansas
City and representatives in nearly all
the large cities, the members of which
make a business of setting fire to
buildings to enable owners to col-
lect insurance, was the sensational
charge made today by State Fire Mar-
shal C. J. Doyle, in an address de-
livered before the Chicago Associa-
tion of Commerce.

"The country is facing one of the
most gigantic, organized arson con-
spiracies the world has ever known,"
said Mr. Doyle. "The state fire mar-
shal department of Illinois has united
with the state fire marshals of Ken-
tucky, Tennessee and Ohio to wipe
out the band of fifteen men at the
head of this arson conspiracy."

"The head of the firebug trust is
in Kansas City, from which city the
operations of the entire gang are di-
rected."

"Members have been found at
work in Bloomington, Springfield,
Ill., Pittsburg, Cleveland, New York,
Buffalo, St. Louis, Chicago and other
cities."

"Two of the gang have been con-
victed and they are now imprisoned
in a southern city. The others will
be behind the bars before long, if
we are successful in following the
clues we are working on. The fire-
bug problem is one of the most im-
portant which confronts the coun-
try. Even without the case of ar-
son the fire losses of the country are
appalling. The fire loss in this coun-
try amounts to about \$500 a minute.
In Chicago the loss is \$5,000,000
year, while in Berlin the annual loss
does not exceed \$200,000. We need to
adopt the fire protection plans of Eu-
ropean cities."

Cannot Cast the Future.

A man may presume to know much
of what is passing, but he dare not
predict what part of the passing show
shall disappear, as a fashion does, in
time. It must follow, as no man can
pretend to place his finger unerringly
on just that particular part, then no
man can begin to tell just what man
or woman living today will be revered
in time to come.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propo-
gates Dandruff Germs.

There are many men who wear their
hats practically all the time when awake,
and are blessed with a heavy shock of
hair; yet if the scalps of these same men
once became infested with dandruff
germs, the parasites would multiply all
the quicker for lack of air. Baldness
would ensue as the final result. New-
bro's Herpicide kills these germs and
stimulates unhealthy hair to abundant
growth. Herpicide is a pleasant hair
dressing as well as a dandruff cure and
contains not an atom of injurious sub-
stance. Sold by leading druggists. Send
10c. in stamps for sample to The Herpi-
cide Co., Detroit, Mich.

Trying To Give Better Service

We have finished cutting the arches and putting up additional shelving in the next room to the one we now occupy and next week will move the part of our stock we will carry in this new room. When we get things arranged we will cover just exactly twice as much space as we now cover. Our sole purpose in this change is to give better service to our many customers, making trading more comfortable.

Orrin Nelson and wife of Francis spent yesterday afternoon in Ada. Rev. Marshall Dupree left yesterday afternoon for Sasakwa where he will conduct a revival meeting.

Robert Vaughn and A. E. Crusen of Pickett community were in town this morning and stated that the several good showers in their neighborhood have put the cotton crop in fine shape. A great deal of land is being planted in forage crops.

A. M. Crow, G. W. Chisler and J. A. Morgan representing Wm. L. Byrd camp of ex-Confederates, and Misses Sue Chisler and Jennie Roddie, maid of honor and sponsor, respectively, left today for Wynnewood where they will attend the reunion of the Chickasaw brigade, which begins tomorrow.

Band Concert Saturday Night.

The first free concert of the Ada band will be given on the streets Saturday evening. A fine opportunity to hear good music, and it costs nothing to hear it. Give the boys the encouragement of your presence.

Help Free Delivery.

Looking to early free mail delivery, the council by ordinance has made it mandatory that all dwellings and business houses in city be numbered. See Mel Davis, official house numberer. 3td

Number Your House.

Mel Davis, official house numberer will call with the correct number of your house. Be ready to indicate to him your choice of different styles of numbers and with money to pay for same when he comes. 3td

Agricultural Expert Visits Ada.

Today Ada has had a distinguished visitor in the person of F. F. Ferguson, district agent of the department of agriculture. Mr. Ferguson's work does not cause his name to appear in red type on the first page of the big dailies, but his work is doing far more in the way of improving living conditions than many whose names are more familiar to the general public.

His territory embraces about two-thirds of the state. Nineteen out of thirty agents employed by the government are under his direction. Mr. Ferguson is a practical farmer and one who is familiar with every tried and tested method of increasing the yield of the crops of Oklahoma farmers.

This afternoon he held a conference with a group of business men that may result in wonderful good for all interests of Pontotoc county.

To Drive away Mr. MOSQUITO

GROCERIES AT REDUCED PRICES

On account of having to vacate the building within the next week, we will sell our entire stock of groceries at reduced prices.

All fixtures for sale.

MRS. J. E. LITTLEFIELD & SON
City Hall

To the Public.

We have lately overhauled our mill and installed some new machinery including the latest up to date methods in modern milling which enables us to make the clearest flour that is possible to be made from wheat.

In order to introduce our new flour and convince you that there is no better made we will sell until further notice at \$1.00 and \$1.10 a sack.

Patronize Home Industries.

All things being equal people should patronize home industries thereby helping to build up your city and county.

But we don't want to take advantage of that fact in order to sell you inferior flour. Ada flour stands on its own merits and is second to none in the state. Remember that our mill pays taxes in your city and county.

So try our flour and if you like it continue to buy it thus helping to build up a home institution. 82-dtf ADA MILLING CO. By R. W. Allen. Phone 66.

FAIR RAINS IN PONTOTOC COUNTY

The rain of last night seems to have covered most of the county. Geo. Burris reports a good shower at Stonewall. G. M. Short says a good rain fell at Roff, R. L. Sanders and R. A. McKee stated that only a light shower fell at Fitzhugh. A. E. Crusen and Robert Vaughn of Pickett neighborhood report a fine rain there and R. E. Duncan who was in Francis last night, says a big rain fell there and extended the entire distance to Ada.

The government rain gauge in the possession of Prof. Ralph Brooks indicated the fall of one third of an inch at Ada. The rain this afternoon probably amounted to half an inch.

CLEARANCE PRICES ON SUMMER GOODS

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair
to Natural Color—Dandruff
Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

GWIN & MAYS DRUG CO.

CHICKASAWS WANT THE FUNDS DUE THE TRIBE

Oklahoma City, Ok., July 20.—Chickasaw Indians living in the vicinity of Tuttle adopted resolutions in a convention recently for distribution of about \$2,700,000 of their money held in trust by Secretary of the Interior, and congressman Scott Ferris of the Fifth district, who attended, will carry the memorial to Washington. The money will amount to about \$87.50 per capita for members of the tribe, and it is believed the payment can be accomplished without an act of congress. Chickasaws attending the gathering pointed out that crop conditions had placed them in a bad plight, many of the tenants of their lands having defaulted in rental payments, while others abandoned the sections entirely.

Congressmen Ferris also attended a meeting of the Big Pasture settlers

Headaches

Hicks' CAPUDINE

is the best remedy to take. It's liquid—effects immediate—pleasant to take. 10c, 25c and 50c at drug stores.

who, owing to crop conditions, want an extension of their time payments to the federal government. Delegations from the Apaches waited upon him, and he attended a meeting between the Indians, representatives of the Interior Department to contemplated removal of Apaches from the Fort Sill military reservation. These Indians, held as prisoners of war, feel they have done penance for past deeds long enough, and desire to be removed to another state, where the government can allot them land as has been done with other tribes. Resolutions were adopted by the Oklahoma legislature last winter memorializing the federal government to grant the Indians their rights in citizenship and small quantities of land. The Darlington reservation settlers also want extension of their time payments to the government.

Indian Killed Near Durant.

Durant, Ok., July 19.—The killing of Simeon Johnson, a Snake Indian, has been reported to the authorities here. The body was discovered late Saturday afternoon in the woods near Johnson's hut, one mile north of Pirtle, by two men returning from a picnic at Caddo. The body was then in an advanced stage of decomposition and identification was almost impossible. The Indian's head had been crushed, his throat cut and his chest riddled with shot. The tracks of a horse and two people led from the Indian's hut to the place where the body was found. Everything in the hut was in order, but blood stains were found near the door. Johnson was about 60 years old and lived alone. He was credited among the Indians with carrying a large sum of money on his person, and it is supposed that he was called to the door of his cabin and shot, robbery being the motive for the killing. The deed was probably committed four or five days previous to the finding of the body. No arrests have been made.

Fatal Accident at Wewoka.

Wewoka, Okla., July 19.—As the result of a sudden collapse of the roof of the vault under construction in connection with the office of District Clerk R. P. Chase, John Davis is dead and Bob Henderson is seriously injured from a broken foot and leg. Both are negroes.

The brick work had been completed yesterday and this morning the workmen were engaged in removing the wooden arch that supported the masonry and when the last support was released the roof collapsed, entombing Davis and Henderson in a mass of brick and mortar.
